

BOB'S CONSTRUCTION COMPANY

You will design a webpage for Bob's Construction Company.

Task 1

Complete the video activity.

Task 2

Include this code in the **<style>** section.

```
css

p{
    color: purple;
}
```

This code is known as **CSS**. Save your page. Describe what happens:

Go

Task 3

Jeff is the hammerer. Under the image of Jeff, use **<p>** tags to write 3 sentences about him.

Task 4

Include images of **Jerome** (the road worker) and **Joe** (the painter) in the <body> of the webpage.

Use tags.

Task 5

Under each image, use <p></p> tags to write 3 sentences about them.

Task 6

Include the following CSS in the <style> section:

```
CSS
img{
    border: 2px solid black;
    border-radius: 10px;
}

img:hover{
    opacity: 0.2;
}
```

Save your file and refresh your browser. **Describe what happens:**

Go

Task 7

Research how to use the <marquee> tag. Can you include some scrolling text in your webpage.

Task 8 - Free Design

Using your own ideas, continue to develop a webpage for Bob's Construction Company.

You can research **HTML** tags eg:

HTML

```
<body>
  <h1>Bob's construction company.</h1>
  <h3>The best in town.</h3>
  <p>Meet the team!</p>
  <img src = "hammerer.jpg" width = "200">
</body>
```

Or **CSS**:

CSS

```
<style>

  h1{
    color:red;
  }

  p{
    font-size:24px;
    font-family: arial;
    line-height:2em;
  }
</style>
```

Or even include new content eg

- more images
- Videos
- gifs
- audio

Submit your project file(s) as instructed.
